Eyelash and Brows

Eyelash Yumi Lashes (check availability) 850k

An innovative keratin lash treatment that lifts, curls, tints and boosts your natural lashes with a special pigment infusion. The result lasts for up to three months. Lengthen, thicken and lift your natural eyelashes.

Microblading (check availability) 3.500.000

PhiBrows is a manual, semi-permanent technique of hyper-realistic eyebrow drawing in which the shape of eyebrows is calculated according to facial morphology correcting the aesthetic problems of the eyebrows

Our facial menu is designed by the world's dermatological leading brand to protect and restore your skin against natural elements. Dermalogica is vegan, cruelty-free and participates in many projects to help women around the world.

All facial includes: double cleanse, tone, exfoliation, face mapping extractions, high frequency where suitable, masque, serum, application of moisturizer or sunscreen. And a relaxing face massage

Hydration + 545k

A gentle treatment for effective skin cleansing, great for sun-damaged or sensitive skin. Focusing on rehydration and moisture defense. Boosting collagen and leaving your skin fresh. The perfect facial for a day after the beach, before an event or to feel extra pretty.

Glowing / Anti Aging + 595k

This pleasant luxury facial delivers a powerful blend of vitamin C serum to hydrate and boost your skin. It's design to nourish, lift, tone and energize aged dull skin by stimulating blood circulation, reduces fine lines, wrinkles, scarring and minimizes damage, leaving your skin smoother and more youthful.

Detox + 445k

Design for all types of skins to clean all impurities, toxins, pollutants, and dead skin cells. This treatment makes it possible to renew and revitalize your skin back to perfection. After this facial your skin will not just look better it will feel better, the perfect treatment after a long bike ride.

Add Photodynamic Therapy to any facial +175k (20min extra)

PDT-LED stimulates the skin cell fibroblasts into producing more collagen. This will firm and smooth wrinkles and fine lines, lessen dark spots and kill bacteria under the skin. Red light for Collagen Production Blue Light to destroy deep bacteria, Red and Infra-Red for wound healing or a combination of Red-Blue (Purple) light for combination skin issues.

Hair Treatments by

Naturica designed its products with natural Mediterranean ingredients and sustainable packaging.
